

OUR INTERNATIONAL AFFILIATED FACULTY PROF. WANG ZENGZHEN VISITS CIRP

Columbus, OH - 12/2/2011

In Nov.28, 2011, Prof. Wang Zengzhen and Ms. Hu Meirong, invited by Dr. Huiyun Xiang, visited the Center for Injury Research and Policy. Professor Wang and Ms. Hu came from Tongji Medical College, Huazhong University of Science and Technology, China. Prof. Wang had been the Chinese collaborator in the NIH/Fogarty International Center program---USA-China Agricultural Injury Research Training Project, and Ms. Hu was the program manager. The project is a 5-year training program (Dr. Lorann Stallones is PI, Dr. Huiyun Xiang is Co-PI); from 2007 to 2011, it supported 5 training workshops in China. There were more than 100 researchers in China received training on injury research as a result of the project.

Prof. Wang and Ms. Hu visited Nationwide Children's Hospital and the Center for Injury Research and Policy. They exchanged and learned experiences from our American colleagues about program management and IRB working procedures.
